

MASTER OF CHIROPRACTIC 3 Year Plan

For students commencing in 2012

It is possible to complete the Master of Chiropractic over a three (or more) year period. Students interested should seek academic advice from Peter Bull, Director of Postgraduate Studies – email peter.bull@mq.edu.au or tel. 9850 9383.

Listed below are the options for completion of units. Whilst the program is flexible for students over the three years, the units have been listed as “Should be completed in Year x” as they form part of prerequisite or corequisite requirements for the program.

Units which should be completed in Year 1 (2012)

Semester 1	Unit	CP	Semester 2	Unit	CP
Neurology and Orthopaedics 1	CHIR 873	4	Neurology and Orthopaedics 2	CHIR 874	4

Diagnosis and Management 1	CHIR 931	4	Diagnosis and Management 2	CHIR 932	4
Total Credit Points		8	Total Credit Points		8

Total Program Credit Points over 3 years = 64.

Before finalising your program, you should consult the timetable maker <https://timetables.mq.edu.au/Scientia/Web/index.html> to ensure that lecture times do not clash. In creating the timetable each year, lecture times are set to ensure that there are no clashes between units that students complete in the same year as a full time loading.
