

Associate position Byron Bay

We are looking for an associate for our magnificent Byron haven of health and healing. Our current associate who has a well established practice is going overseas for approximately 6months from January 2012. If you have an interest in surfing and/or yoga and wish to develop your skills, with a focus on SOT and ABC (Advanced Biostructural Correction), then we need to talk.

Just a word of warning: Byron Bay is a funky environment and an understanding of all things alternative is essential. Straight, conservative, money ambitious, high volume (although I we are working hard to improve my productivity), people will not suit. If Byron is your thing this position will provide an opportunity for you to live an enviable lifestyle and contribute to the health and wellness of our community.

We would love to see your references which you can send to;
