freedom to live

Thinking of moving to Qld??? Perhaps the Gateway to Fraser Island and whale watch capital only 3.5 hours drive North of Brisbane? **Hervey Bay** has direct flights daily to Sydney, so it is quicker to visit than Brisbane.

February, 2012 will see one of our Chiropractors finish in order to move interstate. This means that his existing patient base will need a new enthusiastic Chiropractor to step into the vacant role – and expand it further if desired. We have one office in Hervey Bay and another in Maryborough (30 mins away). As both remaining chiropractors spend time in each office, there is an opportunity for the successful applicant to experience two new areas, within a very easy commute.

With modern offices, well trained staff and a strong Chiropractic philosophy, support for your transition into wellness based practice is available. We offer our new associate a base wage in accordance with the award, with stepped percentages to reward their growth. We have had successful experiences with four new graduates over recent years and would absolutely encourage new graduate applications. Our Hervey Bay office has been in operation for 16 years, and Maryborough 3 years, so a strong patient base and reputation is already in place.

We would love to hear from you if you feel that this is an opportunity that you would like to investigate further. Emails can be sent to care@harwoodchiropractic.com.au, or telephone Nat on 0401 316 536.
