

MURRAY CHIROPRACTIC has a wonderful position available to start your Chiropractic career.

You will have the opportunity to develop your Art of Chiropractic in our supportive Group Practise. Murray Chiropractic has been established for over 27 years and during that time has been the starting place for many young Chiropractors.

We offer an established patient base, a supportive team environment where your continued learning will be nurtured. We currently have 4 chiropractors in our team, with one travelling overseas in February 2012 and a second moving to part-time as he establishes his own practise at the South Coast.

A great opportunity is waiting here in Toowoomba, Queensland.

Please call EARL MURRAY on 0429 391390 or email your interest to Earl at murray6@bigpond.net.au
