

ASSOCIATE REQUIRED, JAN 2012

Motivated associate required to join a well established Gonstead practice located in Mt Barker in the beautiful Adelaide Hills.

Mt Barker Chiropractic currently has two principal chiropractors and we need another committed individual to join the team. The clinic is a Gonstead clinic with X-Ray facilities, supportive staff and a special interest in paediatrics and treating extremity conditions. It is located in the fastest growing town Australia wide, only 30 min from Adelaide and is largely a referral-based clinic.

Both principals are eager to help the associate develop the adjusting and diagnostic skills required to attain competence as a Gonstead chiropractor.
